

## Reverse Time with Valerii's Natural Cosmetic Beauty Line

Reserve your position now, it's free.

We want to come as close as possible to guaranteeing success for all our associates. That is why we decided to withhold our launch until we have one million potential members. We want the success of our founding associates to generate the wave that will cause others to follow.

Registering now through an existing potential associate does not obligate you in any way.

Once one million potential associates have registered, you will be given the opportunity to activate your store for \$100.00. This is your choice; it is not an obligation!

If you decide to activate your membership store, you will get:

- The online keys to your new Associates Store.
- 22% commission on all the products purchased through your Associate Store
- 4% commission on the activation fees from Associate Stores in your matrix
- 4% on the sales of those stores that are part of your matrix.

You get a fully operational store that pays you a commission on every sale generated in your Associate Store in addition to a commission on every Associate Store in the matrix you have created. You may increase your personal matrix to any level you desire by inviting others to sign up through your store. Your Associate Store's shopping cart will contain all of Valerii Skin Care Formulas.

We chose an 8 level matrix because all businesses requires a high volume of sales to be successful and there is no better mechanism to generate high volume than owning a business that is at the top of its own exponentially expanding matrix. Here is what your matrix will look like if just five people accept your offer to join and each new member does the same:

*1*  
*5*  
*25*  
*125*  
*625*  
*3,125*  
*15,625*  
*78,125*

If everyone in this example chooses to activate their Associates Store, you matrix will generate \$390,620.00 for the first months

income. It is important to remember that while everyone is part of someone else's matrix, they are at the top of their own.

If you decide to activate your Associates Store, your first commission check will be \$4.00 for every one of your distributors in your matrix who also activate. Four dollars might not sound like much but as an example, if 10 people joined Valerii's Associates through your store and everyone followed through for the seven levels of our matrix, you would earn 10 to the seventh power times \$4.00. All our program requires to succeed is cooperation. If everyone cooperates, it is mathematically impossible to fail.

No matter what others do, our active Associates will own their own tax deductible business and the ability to buy all of Valerii's products for wholesale.
